Proper platforms

EU2017.EE

EE-FI digital collaboration

- MOU in December 2013
- FI X-Road (Palveluväylä) up by 2015
- EE and FI X-Road federated now
- PMs agreed on data exchange priorities in 2016:
 - business registries, population registries, tax data, digital prescriptions, health and social insurance data, maritime data
- Agency-to-agency talks now – lessons learned:
 - Different priorities
 - IT maturity
 - Users view !!

Law can be a great enabler

EU2017.EE

Tallinn eGOV Declaration (October 2017)

- Once only proposals:
 - Commitment to Single Digital Gateway agreement + Commission to offer guidelines & implementation act
 - MS to identify and make suitable/available key databases by 2020
 - Once only as opt-in practice for key services in all MS by 2020
 - EU institutions to apply the once only principle within all policy sectors for cross-border and EU-level public services – by end of 2020
