

## SCOOP4C Newsletter

Dear stakeholder community,

We are happy to announce that our first annual conference will take place in Berlin on November 28th, 2018. This will be a joint conference together with our sister project TOOP - we will therefore be able to provide you with all research results we have gathered so far. The conference will also leave room to discuss and elaborate on the future implementation of the once-only principle.

Read our monthly newsletter to stay up to date with everything that is going on at SCOOP4C - if you have any questions about the once-only principle or our project, please feel free to contact us.

See you soon,

The SCOOP4C project team
