

SCOOP4C Newsletter

Dear stakeholder community,

Call for Participation: If you would like to participate in our conference, let us know! We are inviting speakers who would like to present a once-only best practice case or enabler. We are excited to share our first research results with you and to discuss the implementation of the once-only principle in four different domains: the social, health, education, and business sector.

Read our monthly newsletter to stay up to date with everything that is going on at SCOOP4C - if you have any questions about the once-only principle or our project, please feel free to contact us.

See you soon,

The SCOOP4C project team

EDPS supports the once-only principle

The EDPS's opinion paper on the Single Digital Gateway discusses the once-only principle and its key issues relating to data protection. In general, the EDPS supports the idea of the once-only principle - under certain conditions.
