

SCOOP4C Newsletter No. 12

Dear stakeholder community,

February has been a short but busy month for us. We held two workshops in Bulgaria and Romania and were able to reach out to more diverse stakeholders in the process. Throughout the past couple of months, we have put a greater emphasis on the discussion of data protection and privacy concerns when implementing the once-only principle and are eager to hear more from you on this topic for example in our community forum.

We are also planning more events for the upcoming months, e.g. on April 26th in Brussels, and will be attending conferences around Europe. So please stay tuned for more information to come on our website.

Thank you for supporting the SCOOP4C project, we look forward to seeing you at one of our events or to discuss the once-only principle online!

Best wishes,

The SCOOP4C project team

Workshops in Romania and Bulgaria

Last week in Bulgaria, this week in Romania - SCOOP4C is travelling across the EU to inform and discuss the once-only principle. For continuous updates:
